INDEPENDENT AUDITOR'S REPORT

December 31, 2019

The Board of Directors
EAST CENTRAL DISPATCH CENTER

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the **EAST CENTRAL DISPATCH CENTER** (the Organization) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Organization's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's

- 15450 South Outer Forty Road, Suite 135, Chesterfield, Missouri 63017-2066, 636-532-9525, Fax 636-532-9055
- 1000 Washington Square, P. O. Box 1457, Washington, Missouri 63090-8457, 636-239-4785, Fax 636-239-5448

preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of June 30, 2019, and the respective changes in financial position and, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and required supplemental information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplemental information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2019 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

**EAST CENTRAL DISPATCH CENTER
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2019**

As management of the **EAST CENTRAL DISPATCH CENTER** (the Organization), we offer readers of the Organization's financial statements this narrative overview and analysis of the financial activities of the Organization for the year ended June 30, 2019.

FINANCIAL HIGHLIGHTS

- * The liabilities and deferred inflows of resources of the Organization exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year by \$506,400 (net position).
- * Operating revenues for the current fiscal year were \$2,242,995, an increase of 5.7% from the prior fiscal year. Overall, the Organization's total net position increased by \$515,704 from the prior year. This change was primarily due to capital contributions received during the fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements presented in this report consist of the statement of net position; statement of revenues, expenses, and change in net position; and statement of cash flows. The statement of net position provides information about the nature and amounts of investments in resources (assets), the obligations to creditors (liabilities), and deferred inflows/outflows of resources. It also provides the basis for assessing the liquidity and financial flexibility of the Organization. This year's revenues and expenses are accounted for in the statement of revenues, expenses, and change in net position. This statement reports the revenues and expenses during the time periods indicated, and can be used to determine whether the Organization has successfully recovered all of its costs through user fees and other charges. The primary purpose of the statement of cash flows is to provide information about the Organization's cash receipts and cash payments. This statement reports cash receipts, cash payments, and net changes in cash resulting from activities related to operations, noncapital financing, and capital and related financing.

STATEMENT OF NET POSITION

The Organization's net position increased in 2019 by \$515,704. As of June 30, 2019, the Organization had a net position of \$506,400.

NET POSITION, JUNE 30	<u><u>\$ 506,400</u></u>	<u><u>(9,304)</u></u>	<u><u>515,704</u></u>	5,542.8 %

STATEMENT OF CASH FLOWS

The Organization's rate structure is designed to collect sufficient revenues to recover operating and maintenance expenses. The net cash used in operating activities was used primarily for payment of operating expenses.

CAPITAL ASSETS

Capital assets, net of accumulated depreciation, totaled \$532,567 as of June 30, 2019. More information on capital asset activity during the fiscal year is provided in the notes to the financial statements in Note C.

LONG-TERM DEBT

The Organization's debt is detailed below. More information is provided in Notes D, E, and F.

	June 30 2019
Compensated absences	\$ 111,574
Net pension liability	711,342
Net OPEB obligation	<u>25,492</u>
Total Long-term Debt	<u><u>\$ 848,408</u></u>

**EAST CENTRAL DISPATCH CENTER

EAST CENTRAL DISPATCH CENTER

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

EAST CENTRAL DISPATCH CENTER (the Organization) is a cooperative agreement agency voluntarily established in 2002 by its members for the purpose of providing the hardware, software, services, and other items necessary and appropriate for the establishment, operation, and maintenance of a joint police, fire, and other emergency communications center system for the mutual benefit of its members within St. Louis County, Missouri.

1. Reporting Entity

The financial statements of the Organization include the financial activities of the Organization and any component units, entities which are financially accountable to the Organization. The Organization does not currently have any component units.

2. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Organization is accounted for as a governmental proprietary fund. Proprietary funds are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Proprietary fund type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total position.

The accrual basis of accounting is utilized by proprietary funds. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

Revenue and expenses are categorized as either operating or nonoperating. Operating revenues and expenses include charges that are assessed to the beneficiaries of the service and the cost of providing the service. Nonoperating and other activities primarily include grants, interest income, interest expense, amortization, and contributions, if any.

When both restricted and unrestricted resources are available, the Organization will spend the most restricted amounts before the least restricted.

3. Cash, Cash Equivalents, and Investments

For purposes of the statement of cash flows, the Organization considers all highly liquid investments purchased with a maturity of three months or less to be cash equivalents. State statutes authorize the Organization to invest in obligations of the U.S. Treasury, federal agencies, commercial paper, corporate bonds, and repurchase agreements. Investments, if any, are stated at fair value.

EAST CENTRAL DISPATCH CENTER
NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Capital Assets

Capital assets are stated at cost and are defined as assets with an initial individual cost of \$5,000 or more and an estimated useful life of more than one year. Donated capital assets are reported at acquisition value in the period donated. All capital assets, except work in progress, if any, are depreciated. Depreciation is computed on the straight-line method, using asset lives as follows:

Asset	Years
Furniture and equipment	3 - 10

Depreciation charged to operations for the year ending June 30, 2019, amounted to \$11,469.

5. Compensated Absences

Employees earn vacation during the year based upon their years of continuous service, and may carry over one and one half of their current year's vacation accrual. Compensatory time may accumulate to 120 hours. Compensatory time accrued over 120 hours will be paid out at one and a half times the employee's rate of pay. Employees may accumulate up to 500 hours of sick time. Accrued vacation and compensatory time is payable to employees upon termination.

6. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

7. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS' fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. LAGERS' investments are reported at fair value.

EAST CENTRAL DISPATCH CENTER

NOTES TO FINANCIAL STATEMENTS

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The Organization has deferred outflows of resources related to OPEB and the pension plan.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents as an increase of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. The Organization has deferred inflows of resources related to the pension plan.

NOTE B - CASH, CASH EQUIVALENTS, AND INVESTMENTS

1. Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Organization's deposits may not be returned or the Organization will not be able to recover collateral securities in the possession of an outside party. The Organization's bank deposits are required by state law to be secured by the deposit of certain securities specified at RSMo 30.270 with the Organization or trustee institution. The value of the securities must amount to the total of the Organization's cash not insured by the Federal Deposit Insurance Corporation.

As of June 30, 2019, the Organization's bank deposits were entirely secured or collateralized with securities held by the Organization or by its agent in the Organization's name.

2. Investments

As of June 30, 2019, the Organization had no investments.

Investment Policies

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Organization minimizes credit risk by prequalifying the financial institutions, broker/dealers, intermediaries, and advisors with which the Organization will do business. The Organization's investment policy requires diversifying the portfolio to reduce potential losses on individual securities.

EAST CENTRAL DISPATCH CENTER
NOTES TO FINANCIAL STATEMENTS

NOTE B - CASH, CASH EQUIVALENTS, AND INVESTMENTS (Continued)

2. Investments (Continued)

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The Organization minimizes interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and investing primarily in shorter term securities.

Concentration of Credit Risk is the risk of loss attributed to the magnitude of the Organization's investment in a single issuer. The Organization minimizes concentration of credit risk by diversifying the investment portfolio.

NOTE C - CAPITAL ASSETS

A summary of capital assets activity is as follows:

	For The Year Ended June 30, 2019			Balance June 30 2019
	Balance June 30 2018	Increases	Decreases	
Work in progress	\$ -	347,039	-	347,039
Capital assets being depreciated:				
Furniture and equipment	190,327	196,997	47,638	339,686
Less - Accumulated depreciation	(190,327)	(11,469)	(47,638)	(154,158)
Total Capital Assets, Net	\$ -	532,567	-	532,567

NOTE D - LONG-TERM LIABILITIES

A summary of long-term liabilities activity is as follows:

	For The Year Ended June 30, 2019			Balance June 30 2019	Amount Due Within One Year
	Balance June 30 2018	Additions	Reductions		
Compensated absences	\$ 134,315	122,816	145,557	111,574	83,681

EAST CENTRAL DISPATCH CENTER
NOTES TO FINANCIAL STATEMENTS

NOTE E - PENSION PLAN

Plan Description

The Organization's defined benefit pension plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. The Organization participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo 70.600-70.755. As such, it is LAGERS' responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS' Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplemental information. This report may be obtained by accessing the LAGERS' website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death, and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 and receive a reduced allowance.

	2019 <u>Valuation</u>
Benefit multiplier	2% for life
Final average salary	3 years
Member contributions	4%

Benefit terms provide for annual post-retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees Covered By Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

Retirees and beneficiaries currently receiving benefits	5
Inactive employees entitled to but not yet receiving benefits	5
Active employees	<u>25</u>
Total	<u>35</u>

EAST CENTRAL DISPATCH CENTER
NOTES TO FINANCIAL STATEMENTS

NOTE E - PENSION PLAN (Continued)

Contributions

The Organization is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the Organization contribute 4% of their gross pay to the pension plan. The Organization's contribution rate is 11.5% of annual covered payroll.

Net Pension Liability

The Organization's net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2019.

Actuarial Assumptions

The total pension liability in the February 28, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.25% wage inflation; 2.50% price inflation
Salary increase	3.25% to 6.55%; including wage inflation
Investment rate of return	7.25%, net of investment expenses

The healthy retiree mortality tables for post-retirement mortality were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables for post-retirement mortality were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees' mortality tables for males and females.

Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The actuarial assumptions used in the February 28, 2019 valuation were based on the results of an actuarial experience study for the period March 1, 2010 through February 28, 2015.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

EAST CENTRAL DISPATCH CENTER
NOTES TO FINANCIAL STATEMENTS

NOTE E - PENSION PLAN (Continued)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Weighted Average Long-term Expected Real Rate Of Return</u>
Alpha	15.00%	3.67%
Equity	35.00	4.78
Fixed income	31.00	1.41
Real assets	36.00	3.29
Strategic assets	8.00	5.25
Cash	10.00	-
Leverage	(35.00)	(0.51)

Discount Rate

The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

Changes in the Net Pension Liability

NOTE E - PENSION PLAN (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Organization, calculated using the discount rate of 7.25%, as well as what the Organization's net pension liability would be using a discount rate that is 1% point lower (6.25%) or 1% point higher (8.25%) than the current rate.

	1% Decrease	Current Single Discount Rate Assumption	1% Increase
Net pension liability	\$ 1,112,262	711,342	375,894

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2019, the Organization recognized pension expense of \$181,832. Reported deferred outflows and inflows of resources are related to the following sources:

	Outflows	Inflows	Net Outflows
Difference between expected and actual experience	\$ 189,123	(6,812)	182,311
Assumption changes	57,688	-	57,688
Net difference between projected and actual earnings on pension plan investments	-	(30,375)	(30,375)
Total	\$ 246,811	(37,187)	209,624

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

For The Plan Years Ending June 30		
2020		\$ 23,706
2021		16,246
2022		22,156
2023		34,005
2024		31,622
Thereafter		81,889
Total		\$ 209,624

Payable to the Pension Plan

At June 30, 2019, the Organization reported a payable of \$16,689 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2019.

EAST CENTRAL DISPATCH CENTER
NOTES TO FINANCIAL STATEMENTS

NOTE F - OTHER POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

The Organization's OPEB plan (the Plan) provides OPEB for all full-time employees of the Organization. The Plan is a single-employer defined benefit OPEB plan administered by the Organization. The Plan, as established by Organization resolution, assigned the authority to establish and amend the benefit terms and financing requirements to the Organization. No assets are accumulated in a trust for the Plan. The Plan does not issue a stand-alone report.

Benefits Provided

The Plan provides healthcare benefits to employees and their spouses who are eligible to retire once they have attained age 51 plus 12 years of service, or age 55 with 5 years of service. Coverage ceases upon eligibility for Medicare. Employees and spouses must be on the plan at time of retirement to be eligible to participate in the plan after retirement. Medical and prescription drug benefits are available to retirees in the Organization's insurance plan. Employees who meet retiree healthcare eligibility conditions may also purchase dental benefits until age 65 or eligible for Medicare, whichever is first. Retirees must contribute 100% of the retiree healthcare premiums for single/family coverage.

Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	2
Inactive employees entitled to but not yet receiving benefits	-
Active employees	<u>27</u>
Total	<u>29</u>

Total OPEB Liability

The Organization's total OPEB liability was measured as of June 30, 2019, and was determined by an actuarial valuation as of June 30, 2017.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement:

Inflation	2.50%
Salary increase	3.00 to 6.70% including inflation
Discount rate	3.62%
Healthcare cost trend rates	Based on the Getzen Model, with trend starting at 9.0% and gradually decreasing to an ultimate trend rate of 4.0%

EAST CENTRAL DISPATCH CENTER
NOTES TO FINANCIAL STATEMENTS

NOTE F - OTHER POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

The discount rate was based on the index of 20 year general obligation bonds with an average AA credit rating as of the measurement date. The municipal bond rate is 3.13%. The discount rate was 3.62% as of the prior measurement date.

Mortality rates for general employees were based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality scale. Mortality rates for police and fire employees were based on the RP-2014 Blue Collar Health Annuitant Mortality Table projected 2 years after the valuation, with MP-2014 Mortality Improvement Scale. The margin for future mortality improvement is the projection 2 years after the valuation date.

The Plan has not had a formal actuarial experience study performed.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at June 30, 2018	\$ 34,248
Changes for the year	
Service cost	939
Interest	1,052
Changes in assumptions or other inputs	540
Benefit payments, including refunds	<u>(11,287)</u>
Net Change in OPEB Liability	<u>(8,756)</u>
Balance at June 30, 2019	<u>\$ 25,492</u>

Changes of assumptions and other inputs reflect a change in the valuation interest rate from 3.62% in 2018 to 3.13% in 2019.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the Organization, calculated using the discount rate of 3.13%, as well as what the Organization's total OPEB liability would be if it were calculated using a discount rate that is 1% point lower (2.13%) or 1% point higher (4.13%) than the current discount rate:

	1% Decrease	Current Rate	1% Increase
Total OPEB liability	<u>\$ 25,998</u>	<u>25,492</u>	<u>24,397</u>

EAST CENTRAL DISPATCH CENTER
NOTES TO FINANCIAL STATEMENTS

NOTE F - OTHER POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the Organization, calculated using the healthcare cost trend rates of 9.0% decreasing to 4.0%, as well as what the Organization's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% point lower (8.0% decreasing to 3.0%) or 1% point higher (10.0% decreasing to 5.0%) than the current healthcare cost trend rates:

	<u>1% Decrease</u>	<u>Current Rate</u>	<u>1% Increase</u>
Total OPEB liability	<u>\$ 23,930</u>	<u>25,492</u>	<u>26,789</u>

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the Organization recognized OPEB expense of \$2,042. Deferred outflows resources related to OPEB are from the following sources. The Plan does not have any deferred inflows as of June 30, 2019.

	<u>Outflows</u>
Assumption changes	<u>\$ 523</u>

Amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>For The Years Ending June 30</u>	
2019	\$ 51
2020	51
2021	51
2022	51
2023	51
Thereafter	<u>268</u>
Total	<u>\$ 523</u>

NOTES TO FINANCIAL STATEMENTS

NOTE G - OPERATIONS

The Organization has been working in cooperation with the City of Richmond Heights for certain administrative services. The City of Richmond Heights performs cash receipt and disbursement, payroll, and other financial duties on behalf of the Organization. The Organization is overseen by a Board of Directors, comprised of the City Manager from the City of Richmond Heights and each of the other participating municipalities.

NOTE H - SUBSEQUENT EVENTS

The Organization has performed an evaluation of subsequent events through December 31, 2019, the date the basic financial statements were available to be issued. No material events were identified by the Organization.

Contributions as a Percentage of Covered Payroll	11.50 %	11.10	10.10	10.60	11.10	11.10

Notes to schedule:

Valuation date:

Actuarially determined contribution rates are calculated as of February 28/29 prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method
Amortization method

Entry age normal and modified terminal funding
A level percentage of payroll amortization method is used to amortize the UAAL over a closed period of years. If the UAAL (excluding the UAAL associated with benefit changes) is negative, then this amount is is amortized over the greater of (i) the remaining initial amortization period or (ii) 15 years.

Remaining amortization period
Asset valuation method
Inflation
Salary increases
Investment rate of return
Retirement age
Mortality

Multiple bases from 11 to 24 years
5 years smoothed market; 20% corridor
3.25% wage inflation; 2.50% price inflation
3.25% to 6.55%; including wage inflation
7.25%, net of investment expenses
Experience-based table of rates that are specific to the type of eligibility condition.
The healthy retiree mortality table for post-retirement mortality were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables for post-retirement mortality were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employees' mortality tables for males and females. Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

Other information:

There were no benefit changes during the year.
Information prior to 2014 is not available.
